Started on	Tuesday, 16 March 2021, 11:19 AM
State	Finished
Completed on	Tuesday, 16 March 2021, 11:44 AM
Time taken	25 mins
Marks	11.00/15.00
Grade	73.33 out of 100.00
Question 1	Correct Mark 1.00 out of 1.00
To maintain its sta	ateless characteristic, HTTP server uses cookies to keep track the users.
Select one:	
True	
○ False	
	n its stateless characteristic, HTTP server uses cookies to keep track the users. is 'True'.
Correct, to maintain The correct answer	
Correct, to maintair The correct answer	
Correct, to maintain The correct answer Question 2	is 'True'.
Correct, to maintain The correct answer Question 2	is 'True'. Correct Mark 1.00 out of 1.00
Correct, to maintain The correct answer Question 2 The HTTP request	is 'True'. Correct Mark 1.00 out of 1.00
Correct, to maintain The correct answer Question 2 The HTTP request Select one:	is 'True'. Correct Mark 1.00 out of 1.00
Correct, to maintain The correct answer Question 2 The HTTP request Select one: a. Fourth	is 'True'. Correct Mark 1.00 out of 1.00

The correct answer is: Third

Question 3 Correct Mark 1.00 out of 1.00
The time taken by a packet to travel from client to server and then back to the client is called
Select one:
o a. JTT
O b. PTT
o d. STT
The correct answer is: RTT
Question 4 Incorrect Mark 0.00 out of 1.00
Question 1 Micorrect Mark 6.55 out of 1.55
The default connection type used by HTTP is
The default connection type used by HTTP is
The default connection type used by HTTP is Select one:
The default connection type used by HTTP is Select one: a. Non-persistent
The default connection type used by HTTP is Select one: a. Non-persistent b. Can be either persistent or non-persistent **
The default connection type used by HTTP is Select one: a. Non-persistent b. Can be either persistent or non-persistent c. None of the options

Select one: a. Status line b. Request line C. Header line d. Entity line Discrete Mark 0.00 out of 1.00 Host can only be identified either by hostname or IP address. Select one: True X False I'm sorry, host can be identified using both hostname and IP address. The correct answer is 'False'. Question 7 Correct Mark 1.00 out of 1.00 DNS database contains Select one: a. All the options are true b. Hostname aliases c. Name server records d. Hostname-to-address records	Questi	Correct	Mark 1.00 out of 1.00	
a. Status line b. Request line c. Header line d. Entity line The correct answer is: Request line Question 6 Incorrect Mark 0.00 out of 1.00 Host can only be identified either by hostname or IP address. Select one: True ★ False I'm sorry, host can be identified using both hostname and IP address. The correct answer is 'False'. Question 7 Correct Mark 1.00 out of 1.00 DNS database contains Select one: a. All the options are true ✓ b. Hostname aliases c. Name server records	The va	lues GET, POST, HEAD	etc are specified in _	of HTTP message
 b. Request line ✓ c. Header line d. Entity line The correct answer is: Request line Question 6 Incorrect Mark 0.00 out of 1.00 Host can only be identified either by hostname or IP address. Select one: True X False I'm sorry, host can be identified using both hostname and IP address. The correct answer is 'False'. Question 7 Correct Mark 1.00 out of 1.00 DNS database contains Select one: a. All the options are true ✓ b. Hostname aliases c. Name server records 	Select o	one:		
c. Header line d. Entity line The correct answer is: Request line Question 6 Incorrect Mark 0.00 out of 1.00 Host can only be identified either by hostname or IP address. Select one:		a. Status line		
The correct answer is: Request line Question 6 Incorrect Mark 0.00 out of 1.00 Host can only be identified either by hostname or IP address. Select one: True ★ False I'm sorry, host can be identified using both hostname and IP address. The correct answer is 'False'. Question 7 Correct Mark 1.00 out of 1.00 DNS database contains Select one: a. All the options are true ✓ b. Hostname aliases c. Name server records		b. Request line 🧹		
The correct answer is: Request line Question 6 Incorrect Mark 0.00 out of 1.00 Host can only be identified either by hostname or IP address. Select one: True X False I'm sorry, host can be identified using both hostname and IP address. The correct answer is 'False'. Question 7 Correct Mark 1.00 out of 1.00 DNS database contains Select one: a. All the options are true V b. Hostname aliases c. Name server records		c. Header line		
Question 6 Incorrect Mark 0.00 out of 1.00 Host can only be identified either by hostname or IP address. Select one: True ★ False I'm sorry, host can be identified using both hostname and IP address. The correct answer is 'False'. Question 7 Correct Mark 1.00 out of 1.00 DNS database contains Select one: a. All the options are true ✓ b. Hostname aliases c. Name server records		d. Entity line		
Question 6 Incorrect Mark 0.00 out of 1.00 Host can only be identified either by hostname or IP address. Select one: True ★ False I'm sorry, host can be identified using both hostname and IP address. The correct answer is 'False'. Question 7 Correct Mark 1.00 out of 1.00 DNS database contains Select one: a. All the options are true ✓ b. Hostname aliases c. Name server records	The sec	eract anguer is Dagues	Llina	
Host can only be identified either by hostname or IP address. Select one: True ★ False I'm sorry, host can be identified using both hostname and IP address. The correct answer is 'False'. Question 7 Correct Mark 1.00 out of 1.00 DNS database contains Select one: a. All the options are true ✓ b. Hostname aliases c. Name server records	The col	rect answer is. Reques	Linie	
Host can only be identified either by hostname or IP address. Select one: True ★ False I'm sorry, host can be identified using both hostname and IP address. The correct answer is 'False'. Question 7 Correct Mark 1.00 out of 1.00 DNS database contains Select one: a. All the options are true ✓ b. Hostname aliases c. Name server records				
Select one: True ★ False I'm sorry, host can be identified using both hostname and IP address. The correct answer is 'False'. Question 7 Correct Mark 1.00 out of 1.00 DNS database contains Select one: a. All the options are true ✓ b. Hostname aliases c. Name server records	Questi	on 6 Incorrect	Mark 0.00 out of 1.00	
 True ★ False I'm sorry, host can be identified using both hostname and IP address. The correct answer is 'False'. Question 7	Host c	an only be identified	either by hostname o	r IP address.
I'm sorry, host can be identified using both hostname and IP address. The correct answer is 'False'. Question 7	Select o	one:		
I'm sorry, host can be identified using both hostname and IP address. The correct answer is 'False'. Question 7		Гrue 🗙		
The correct answer is 'False'. Question 7		- alse		
The correct answer is 'False'. Question 7				
Question 7 Correct Mark 1.00 out of 1.00 DNS database contains Select one: a. All the options are true ✓ b. Hostname aliases c. Name server records	I'm sor	ry, host can be identifie	d using both hostname	and IP address.
DNS database contains Select one: a. All the options are true b. Hostname aliases c. Name server records	The co	rrect answer is 'False'.		
DNS database contains Select one: a. All the options are true b. Hostname aliases c. Name server records				
Select one: a. All the options are true ✓ b. Hostname aliases c. Name server records	Questi	on 7 Correct	Mark 1.00 out of 1.00	
a. All the options are true ✓b. Hostname aliasesc. Name server records	DNS d	atabase contains	_	
b. Hostname aliasesc. Name server records	Select o	one:		
c. Name server records		a. All the options are t	rue 🧹	
		b. Hostname aliases		
d. Hostname-to-address records		c. Name server record	s	
		d. Hostname-to-addre	ess records	

The correct answer is: All the options are true

Question	8 Incorrect Mark 0.00 out of 1.00
Which on	e of the following is not true?
Select one	:
a. N	None of the options 🗙
o b. N	Multiple hostnames may correspond to a single IP address
c. A	single hostname may correspond to many IP addresses
O d. A	A single hostname may correspond to a single IP address
The correc	ct answer is: A single hostname may correspond to a single IP address
Question	9 Correct Mark 1.00 out of 1.00
Which of	the following is not correct?
Select one	:
a. V	Veb cache might reduce the response time
b. V	Web cache contains copies of recently requested objects
_ c. V	Veb cache can act both like server and client
d. V	Veb cache doesnt has its own disk space ✓
The correc	ct answer is: Web cache doesnt has its own disk space
Question	10 Correct Mark 1.00 out of 1.00
The entire	e hostname has a maximum of
Select one	:
a. 2	255 characters 🗸
o b. 6	53 characters
o c. 1	27 characters
O d. 3	31 characters

The correct answer is: 255 characters

Question 11	Incorrect	Mark 0.00 out of 1.00
SMTP encapsulates	each objec	ct in its own SMTP response message.
Select one:		
True X		
False		
I'm sorry, SMTP place	s all of the n	nessage's objects into one message.
The correct answer is	'False'.	
Question 12	Correct	Mark 1.00 out of 1.00
In SMTP, the comma	and to writ	e receiver's mail address is written with the command
Select one:		
a. RCPT TO	(
